Make Your Kitchen Safe with Essential Food Safety Items

FOOD SAFETY INSPECTION CHECKLIST

FOOD TEMPERATURE MAINTENANCE

☑ **Thermometers** for monitoring freezer and refrigerator temperatures.

☑ **Data loggers** to record and alert temperature fluctuations and violations.

☑ **Infrared thermometers** for surface checks of soups, sauces and other liquids.

FOOD TEMPERATURE CONTROL

-18°C / 0°F KEEP YOUR FREEZER

4°C / 40°F KEEP FOOD COLD

60°C / 140°F KEEP FOOD HOT

FOOD PREPARATION

☑ **Food prep areas** and equipment to be cleaned and sanitized before use.

☑ **Cut resistant gloves** for the prevention of injury when chopping and dicing food.

☑ **Cooking thermometers** used to ensure food is heated to the correct temperature eliminating bacteria.

SANITATION AND FIRST AID

Compliance is key when it comes to food safety and sanitation. At BIOS Professional™, we provide the products you need to ensure your kitchen meets all regulatory standards. From thermometers and sanitation tools to storage solutions and hygiene supplies, our range is designed to help your establishment stay compliant and safe.

BIOS Professional™ is a proud Canadian company recognized for designing and manufacturing a professional line of high-quality products. With over 88 years of experience in industrial and consumer instrumentation, BIOS Professional™ has earned a reputation as a trusted and reliable brand.

We are dedicated to innovation, precision, and excellence in every product we create.

Our commitment to safety and hygiene is reflected in our NSF (National Sanitation Foundation) certifications and ISO accreditations, ensuring our products meet the highest standards for professional kitchen use.

Discover how BIOS Professional™ can provide the right solutions to support your culinary operations.

Infrared Thermometer
PS199

- Bright laser pointer
- Lock function for continuous monitoring
- Reads surface temperatures in less than a second
- Distance to spot ratio: 12:1
- Emissivity: 0.95 fixed
- Resolution: 0.1°

Temperature Range: -58°F to 536°F / -50°C to 280°C

LED | 1x 9V | your logo here | 1

Infrared Thermometer with Thermocouple
PS200

- Bright laser pointer
- Large LCD display
- Lock function for continuous monitoring
- 5 coloured face plates included to avoid cross contamination
- Nylon carrying case with belt loop included
- Takes any K-type probe
- Distance to spot ratio: 12:1

Temperature Range: -76°F to 932°F / -60°C to 500°C

LED | 2x AAA | 2

Colour coded face plates

Carrying case included

Works with any K-Type probe

NIST certified

Dual Infrared and Probe Thermometer
PS198

- Large 180° Rotating display with reverse backlight
- Comes with a protective sleeve
- Automatic power off
- Automatic temperature HOLD button
- °C/°F switchable
- 1-2 second response time
- Built in laser pointer
- Low battery indicator
- Distance spot ratio: 12:1
- Resolution: 0.1

Temperature Range:
Probe: -58°F to 572°F / -50°C to 300°C
Infrared: -22°F to 932°F / -30°C to 500°C

Colour Coded Thermometers to Eliminate Cross Contamination
DT170D

Harmful bacteria can turn a delicious meal into a potential deadly one. Stop cross contamination by eliminating harmful bacteria from one food to another with colour coded thermometers. Each colour represents a separate food category to prevent food related illness.

- 1" / 2.5 cm dial thermometers
- Oven safe
- Stainless steel stem length: 4¾" / 12 cm
- Glass lens
- Protective sleeve
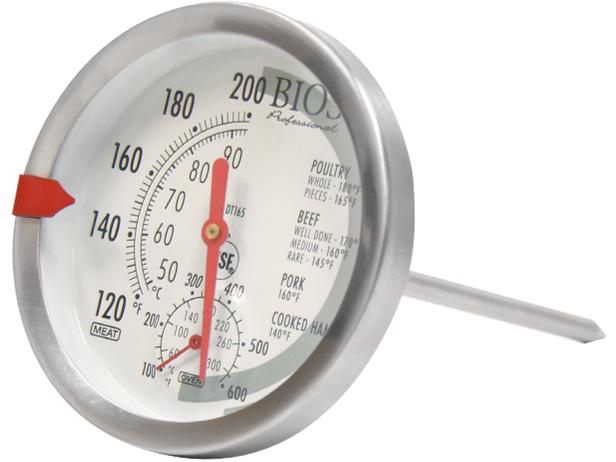

Temperature Range: -18°C to 110°C (Celsius only)

3" / 7.5 cm Dial Oven Thermometer
DT160

- Rotating dial allows it to hang or stand
- Large easy-to-read dial
- Durable stainless steel

Temperature Range: 100°F to 600°F / 37°C to 315°C

3" / 7.5 cm Dial Meat & Oven Thermometer
DT165

- Large, easy-to-read dual display
- Stainless steel stem length: 4½" / 11.5 cm
- Meat / oven temperature range display
- Meat selection temperature ranges

Meat Temperature Range: 120°F to 200°F / 50°C to 93°C
Oven Temperature Range: 100°F to 600°F / 37°C to 315°C

2½" / 6 cm Dial Meat & Poultry Thermometer
DT168

- Instant response
- Stainless steel stem length: 4" / 10 cm
- Cooking temperature guide for various meats included

**Temperature Range:** 120°F to 212°F / 50°C to 100°C

3" / 7.5 cm Dial Meat & Poultry Thermometer
DT159

- Large, easy-to-read display
- Durable stainless steel
- Stainless steel stem length: 4¼" / 11 cm
- Cooking temperature guide for various meats included

Temperature Range: 120°F to 212°F / 50°C to 100°C

Magnetic Surface Thermometer
DT500

- Reliable bimetallic sensor
- Glass lens
- Waterproof rating: IP55
- Reaches sensing equilibrium within three minutes
- Accuracy ±2.5% of full scale
- Applications: Hot plates and griddles
Temperature Range: 0°F to 250°F / -20°C to 120°C
314FC Temperature Range: 50°F to 750°F / 10°C to 400°C

Hot Holding Thermometer
107SC

- Hot holding zone indicator on dial face
- Large, easy to read dial display
- Thermometer stands or hangs
Temperature Range: 100°F to 176°F / 38°C to 80°C

STEAM TABLE APPROVED!

Premium Meat Thermometer & Timer
DT362

- LCD screen with blue backlight
- 6 meat selections (Beef, Veal, Lamb, Pork, Chicken, Turkey)
- 4 taste selections (Well-done, Medium, Medium-rare, Rare)
- Two probes with sensor
- Inner sensor for room temperature: -4°F to 122°F / -20°C to 50°C
- °C/°F switchable
- Standard magnetic back
- Timer / alarm function when meat reaches the target setting
Temperature Range: 14°F to 572°F / -10°C to 300°C

Wireless Meat Thermometer
132HC

- Timer; counts up or down
- Manual temperature setting
- Temperature alarm
- Meat and taste selection
- Wireless Range: 20 m / 65 ft
- °C/°F switchable
- Replacement probe 132RP sold separately
Temperature Range: 32°F to 482°F / 0°C to 250°C
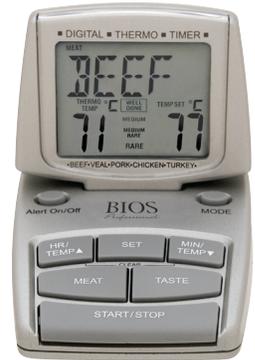

Digital Meat Thermometer
DT100

- Pre-programmed cooking temperatures for different meats and tastes. Select taste setting: rare to well done
- Displays preset and internal cooking temperatures
- Stainless steel probe 1 m / 37" heat resistant wire
- °C/°F switchable
Temperature Range: 14°F to 392°F / -10°C to 200°C

Digital Candy & Deep Fry Thermometer
DT155

- Stainless steel stem length: 8" / 20 cm
- Stainless steel pan clip
- Min / Max memory
- °C/°F switchable
- Water resistant

Temperature Range: 14°F to 428°F / -10°C to 220°C

Premium Candy & Deep Fry Thermometer
DT158

- Easy-to-read display
- Adjustable pan clip
- Stainless steel body
- Submerged length: 7½" / 19 cm

Temperature Range: 60°F to 400°F / 20°C to 200°C

Glass Candy & Deep Fry Thermometer
5905

- Adjustable pan clip
- Protective plastic sleeve with cooking temperatures included
- Submerged length: 6½" / 16.5 cm
- Cool touch black ball for safe handling

Temperature Range: 75°F to 400°F / 25°C to 205°C

Candy & Deep Fry Thermometer
DT163

- Large easy-to-read dial 3" / 7.5 cm
- Adjustable pan clip
- Stainless steel stem length: 5" / 12.5 cm
- Indicators show best temperatures for different candy stages

Temperature Range: 100°F to 400°F / 40°C to 200°C
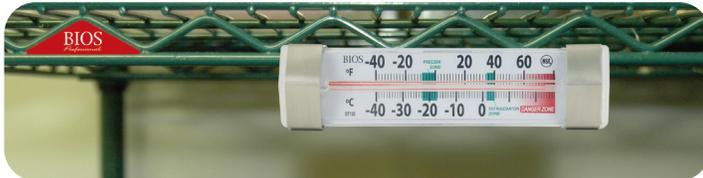

Fridge & Freezer Thermometers

Digital Fridge & Freezer Thermometer
DT133

- Hangs or stands with magnet on the back
- Accuracy ±1°
- °C/°F switchable
- ON/OFF Switch

Temperature Range: -4°F to 122°F / -20°C to 50°C

your logo here | IP65 | 1x LR1130 | 1

Panel Mount Thermometer
DT157

- Sensor cable length:10 ft.
- Waterproof probe
- °C/°F switchable
- Wall mount with 2 screws included

Temperature Range: -20 °C to 50 °C / -4 °F to 122 °F

1x LR44 | 1

Premium Fridge & Freezer Thermometer
DT150

- Can be used in a fridge or freezer
- Durable stainless steel
- Hangs or stands
- Safe/dangerous temperature zone indicators

Temperature Range: -40°F to 80°F / -40°C to 27°C

NSF | your logo here | 1

Hanging Fridge & Freezer Thermometer
DT166

- Can be used in a fridge or freezer
- Clips onto surfaces
- Shatterproof plastic body and window

**Temperature Range:** -20°F to 86°F / -30°C to 30°C

your logo here | 1

6" HACCP Cooler Thermometer
DT162

- Adjustable arm for optimal viewing
- Bold, easy-to-read 6" dial
- Includes colour temperature zones for proper food temperature storage
- Installation hardware and bracket included

**Temperature Range:** -0°F to 80°F / 20°C to 30°C

3" / 7.5 cm Dial Fridge & Freezer Thermometer
DT167

- Large easy-to-read dial
- Can be used in a fridge or freezer
- Hangs or stands

Temperature Range: -30°F to 80°F / -35°C to 27°C

Advanced Vaccine Fridge Thermometer
120SC

- Meets Public Health accuracy standards: +- 0.5 °C / 0.9 °F
- Dual Channel Measurement
- Low/High Alarm Setting
- Minimum and Maximum reading Memories with real time and date stamp
- Flashing light alarm indicator
- °C / °F Switchable
- Low Battery Indicator
- Magnetic Back / Picture Stand
- Audible Alarm
- Current Temperature
- Recalls Min and Max temperatures from 2 sensors
- Programmable Min/Max Temperature

Temperature Range: -58°F to 158°F / -50°C to 70°C

Optional glycol tube for buffering temperatures
Sold separately – **121SC**

COLD STORAGE APPROVED!

Vaccine Data Logger
124SC

- Meets Public Health accuracy standards: +- 0.5 °C / 0.9 °F
- Ideal for monitoring the temperatures of vaccines and liquid medication
- 8 Million Readings Logged
- Max / Min Memory
- Waterproof external sensor in buffer solution
- Automatically generates PDF Report
- Buffer sensor emulates temperature changes experienced by most common fluids in storage to prevent false alarms
- Removable SD memory card and USB interface for data retrieval
- Audible and visual alarms
- Low Battery symbol on display

Internal Temperature Range: 32°F to 122°F / 0°C to 50°C
External Temperature Range: -58°F to 158°F / -50°C to 70°C

COLD STORAGE APPROVED!

33 lbs / 15 kg Digital Portion Control Scale
601SC

Our high-precision digital scale is sure to catch any eye. With its blue backlight digital display, clear plastic splash shield, 7 weighing modes and full tare capacity, this scale is ideal in any professional chef's kitchen.

- Auto zero
- Auto OFF
- Tare function
- Capacity: 33 lbs / 15 kg
- Good for 1000 charges
- Calibrate with
  2 kg weight only

Digital Receiving Scale
603SC

Low profile scale featuring a smooth stainless steel surface with large anti slip pads underneath to prevent movement. The compact LCD display with backlight is handheld or can be mounted to the wall for easy viewing.

- Minimum weight: 0.66 lb / 0.3 kg
- Weighing units: Pounds (lb), kilograms (kg), pounds & ounces (lb/oz)
- White backlight LCD
- Platform Dimensions: 11.7" x 11.7" x 1.22"/ 29.8 x 28.5 x 3.1 cm
- Weight capacity: 220 lbs / 100 kg

10 lbs / 5000 g Digital Portion Control Scale
600SC

With sleek lines and optimal efficiency in the professional kitchen, it will be sure to add to your food portion control efforts. It has an easy wipe surface and quick repeatability that will make cost control a breeze.

• Easy wipe stainless steel top
• CE (European Conformity) Certification
• Auto power OFF
• Capacity: 10 lbs / 5000 g
• lbs / oz / g switchable
• Dimensions: 8¼" x 6" / 21 x 15 cm

Side profile

11 lbs / 5000 g Digital/ Analog Portion Scale
599SC

• Increments: ±1g (0.05 oz)
• Tare weight function & zero calibration
• Overload & low battery indication
• g / oz switchable
• Touch sensor operation
• Dual LCD display and pointer calibration
• Dimensions: 5¾" x 10" x 1" / 14.6 x 25.4 x 2.5 cm

Portion Scale 2.2 lbs / 1 kg
KS100

• Metric scale in grams
• Capacity: up to 1000 g
• Graduations: 20 g
• 5½" / 14 cm diameter weighing tray
• Capacity: 2.2 lbs / 1 kg / 35.3 oz

CoolGrip 17" Heavy-Duty Fully Lined Terry Cloth Mitts with Oilbloc™
SGN550

• Preshrunk, washable, heavy-duty terry cloth
• Fully lined with knit cotton
• Reinforced Kevlar® thumb patch
• Inside seams are pre-serged for improved seam strength and washability
• Speckled brown colour hides
• Treated with Oilbloc™ for oil and water repellency
• Approved for use in Canadian Food Processing Facilities
• Protects up to 446°F / 230°C

Hand Pads, Terry Cloth, One Size with Elastic Straps - Pack of 6
SAJ025

• Bakers Hand Pad, Terrycloth with Elastic Strap on Both Sides
• Hand pads can be worn over a glove to extend the wear or worn alone to protect the palm area, but leave the fingers free for delicate work
• Back pads are worn over welding gloves to protect the back of the hand from radiant heat
• Protects up to 446°F / 230°C

Cut Resistant Gloves

• Certified lab tested to 42.9 N. Level of performance for materials tested with EN ISO 13997. Rated as a high cut resistant glove.
• White color easily identifies when glove is clean. Stain and moisture resistant.
• Extremely sanitary.
• Extended cuff protects the wrist while comfortably holding glove snug.
• Resists cuts and gives you a tough, tight grip on all surfaces. Great in the kitchen, workshop or outdoors.
• Constructed of a blend of stainless steel inner core, sheathed in nylon spandex.

Janitorial Cleaning Cart
JG813

- Ample storage capacity for all cleaning equipment
- 4 shelves and hooks keep appliances organized
- Swivel casters in front and 8" rear wheels allow for easy use

Janitor Cleaning Starter Kit
JI632

- Includes: Janitorial cart (qty. 1), wet floor sign (qty. 1), mop bucket and wringer (qty. 1), broom and dustpan (qty. 1), trigger sprayer and bottle (qty. 2), size large p.f. nitrile disposable glove box (qty. 1), and size large 15 mil thick. nitrile flock-lined glove (qty. 1)

Bilingual Safety Wet Floor Sign
JD391

- Durable polypropylene construction
- Bright yellow for maximum visibility
- Stamped black lettering will not fade or peel

Bilingual Pop-up Safety Cone
JI455

- Height: 30"
- Language: Bilingual
- Material: Polyester
- Legend: Multi-Lingual Caution w/ Wet Floor Symbol
- Width: 21"
- Display Type: Free Standing

Mop Bucket and Wringer
JG811

- Wringer and bucket setup reduces splashing for a safer and cleaner work environment
- Built to accommodate heavy use
- Handles and wide rounded spout facilitate emptying
- Compatible with cleaning carts
- Removable casters
- Visible caution signs on sides of bucket

Mop bucket available separately: **JG812**
Mop wringer available separately: **JG809**

JG809

JG812

JG811

SynRay™ Wet Floor Mop
JN060

- Bagged with a narrow band
- Resists mildew and does not contain cotton

Step-N-Go Wet Mop Handle
JL804

- Foot pedal allows you to release the mop without touching the mop handle
- The mop hooks allow the user to lift the mop head without touching by easily grasping the soiled mop head and placing into a garbage receptacle or washing machine
- Rounded ball end prevents slipping while resting comfortably in the palm of hand during mop movement
- Reinforced honeycomb fibre construction is resin coated to prevent fibre splinters

Lobby Dust Pan & Broom Set
JH488

- Broom and pan connect to be stored as one
- Dust pan has wheels for easy maneuverability
- Dust pan available separately: **JH525**
- Broom available separately: **JH526**
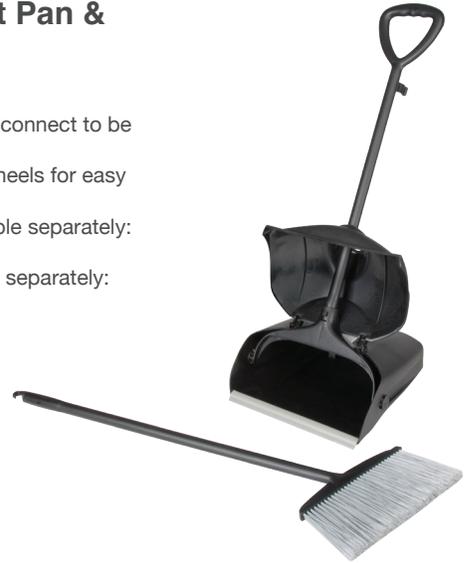

Foodservice Push Broom (Head Only)
JM931

- Can be washed to extend service life
- Colour - coded to identify specific cleaning areas
- Takes a standard acme threaded handle

Foodservice Push Broom (Handle Only)
JM810

- Constructed from strands of fiberglass and a thermoset resin matrix that is molded and cured around the plastic honeycomb wall
- Manufactured from a continuous onepiece structure that will not readily splinter, bend, or delaminate
- Lightweight yet remarkably strong with a tensile strength of 80,000 lbs per square inch
- Impervious to water, therefore electrically non-conductive

Heavy-Duty Outdoor Salt and Sand Container
ND337

- Store anything from garden supplies, animal feed, fertilizer, sporting goods, ice melt, salt/sand to pool supplies all year round
- Thick-walled, durable polyethylene construction
- Double-walled reinforced lid
- Molded forklift channels and recessed hand holes
- Knuckle and rod reinforced hinge design
- Weather resistant, corrosion free
- Ideal for schools, public works, parks and recreation, subways, bus terminals and any public/private walkway
- Standard colours: Grey and yellow
- Not lockable
- Capacity: 5.5 cu. ft.

Weighted Utensils

Weighted cutlery is designed to provide individuals with essential tremors or Parkinson's disease an attractive and comfortable way to help counter hand tremors while eating.These 100% stainless steel utensils are dishwasher safe up to 70°C / 158°F.

LF721 Fork - 202g / 7.1 oz
LF722 Knife - 200g / 7 oz
LF723 Tablespoon - 208g / 7.3 oz
**LF724** Soup Spoon - 203g / 7.1 oz

Side

Lightweight Utensils (5 Piece Set)
ED101

This lightweight cutlery is ergonomically designed to fit the contours of the hand, making it a great solution for anyone with decreased hand or wrist mobility. The wider handle and textured grip is designed to aid those with arthritis to have better control while eating. Dishwasher safe up to 70°C. Average weight is 66 grams.
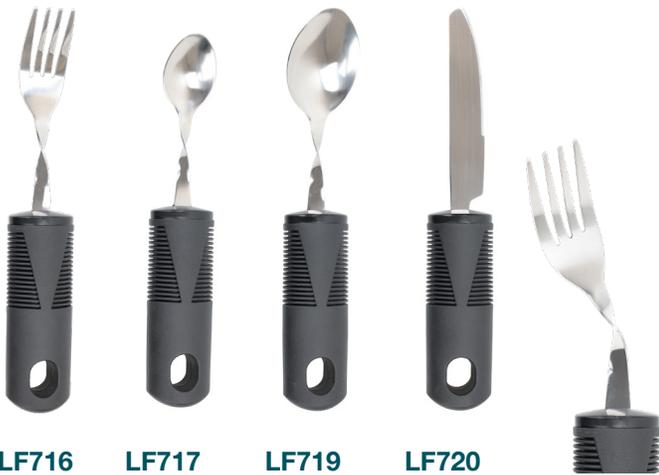

LF716   **LF717**   **LF719**   **LF720**

Built-Up Utensils

The flexible ribbing on the latex-free built-up handle adapts to any grip. The fork & spoons have a special twist built into the metal shaft, allowing them to be bent to any angle. Suitable for both left/right handed use. These utensils are suitable for people living with conditions like arthritis, Parkinson's , stroke recovery or limited hand mobility. Dishwasher safe up to 70°C / 158°F.

LF716 Fork   **LF717** Teaspoon
LF718 Soup Spoon   **LF719** Rocker Knife

ED106

Redware Built-Up Utensils
LF807

Redware is brightly coloured tableware which assists Alzheimer's patients in distinguishing their tableware from their food. The ribbed, bendable utensils improve dexterity and control. Dishwasher safe up to 65°C / 149°F.

ED106 - (2 Pack) one red and one black

Multi-Purpose Drinking Cup
LF710

The BIOS Living™ multipurpose cup has a large 12 oz (350 ml) capacity with graduations on the side. Attach the straw to drink liquids freely, use the suction nozzle for liquid food intake or remove the lid to use as a cup. This cup is suitable for cold or hot liquids. It includes a nozzle, flexible straw with weighted ball and a cleaning brush. Dishwasher safe up to 65°C / 149°F.

Capacity: 12 oz / 350 ml

Spill-Proof Cup
LF735

A lightweight spill proof drinking cup offers independence for those who have difficulty using conventional cups. Fill the lower portion of the cup and securely screw on the lid to prevent spilling. Suitable for use with warm or cold liquids. Dishwasher safe up to 65°C / 149°F.

Capacity: 7 fl.oz / 207 ml

Red Two Handle Mug
LF737

The red colour of this cup makes locating it simple and the two handles make drinking easier. The extra wide base provides greater stability and reduces spilling accidents. It comes with 2 different lids: the spouted lid is contoured to fit comfortably in the mouth and the anti-splash lid helps to direct the flow of liquid into the mouth. Dishwasher safe up to 65°C / 149°F.

Capacity: 9 fl. oz / 265 ml

Transparent Nosey Cups

Designed with a cut out for the nose to allow drinking without bending the neck or tilting the head. These cups are injection molded to ensure a completely smooth surface and comfortable fit for the lips and nose. Measurement markings on both sides of the cups. Dishwasher safe up to 65°C / 149°F.

LF732 Capacity: 4 fl. oz / 118 ml
LF733 Capacity: 8 fl. oz / 237 ml
LF734 Capacity: 12 fl. oz / 355 ml

Transparent Mug

This mug has 2 large handles so it can be picked up and held easily. It features a wide base to avoid tipping or spilling. Comes with 2 different lids to suit every need: a spouted lid with a contour to fit comfortably in the mouth and an antisplash lid that helps to direct the flow of liquid. Both lids can be used with a straw. Dishwasher safe up to 65°C / 149°F.

LH510 Capacity: 12 fl. oz / 355 ml
LH512 Capacity: 9 fl. oz / 266 ml

Large Handled Transparent Mug
LH511

Features a large handle so it can be picked up and held easily. It comes with two different lids to suit every need; a spouted lid with a contour to fit comfortably in the mouth and an anti-splash lid that helps to direct the flow of liquid. Both lids can be used with a straw. Dishwasher safe up to 70°C / 158°F.

Capacity: 12 fl. oz / 355 ml

BIOS Professional™

Scooper Bowl With Suction Cup Base (Red)
LF808

These self-feeding dishes feature a contoured lip allowing food to be trapped and easily pushed onto cutlery. The anti-slip rubber suction base prevents the bowl from moving and spilling while eating. They are the ideal solution for those who have difficulty eating independently. The lightweight polypropylene plastic bowl is top rack dishwasher safe up to 70°C / 158°F.

Diameter: 6" / 15 cm

Scooper Plate With Suction Cup Base (Red)
LF809

These self-feeding dishes feature a contoured lip allowing food to be trapped and easily pushed onto cutlery. The anti-slip rubber suction base prevents the plate from moving and spilling while eating. They are the ideal solution for those who have difficulty eating independently. The lightweight polypropylene plastic plate is top rack dishwasher safe up to 70°C / 158°F.

Diameter: 9" / 23 cm

3 Section Plate
LH161

This plate has three sections that keep food separated for different food types and portion control. With its compact size and transparent lid meals can be easily stored and identified before being microwaved. The convenient vented lid helps to prevent unwanted splatter. BPA free, freezer, microwave and dishwasher safe up to 70°C / 158°F.

Diameter: 9¾" / 25 cm

Inner Lip Plate

Designed to assist children, the elderly, people with limited muscle control and individuals with the use of only one hand. The deep inner lip keeps food from sliding off the plate. The user brings the fork or spoon to the edge of the plate and pushes the food onto the utensil. Dishwasher safe up to 70°C / 158°F and microwave safe.

Diameter: 9" / 23 cm

ED105

• A stylish design both beautiful and practical
• Comes in a 2 pack
• Double layered with 3 snaps on each side to fit different neck sizes
• Machine washable and reusable
• Material: 100% Polyester
Dimensions: 24" x 18"/ 61 x 46 cm

Waterproof TerryCloth Bib
LG759

Comfortable and generously sized clothing protector made of soft light blue terry with a lightweight waterproof backing. Roomy catchall pocket at the bottom collects crumbs and opens with snaps for easy crumb removal. Machine washable.

Dimensions: 30" x 17" / 76 x 43 cm

Inspector Check List

TEMPERATURE CONTROL

Prevent bacterial growth by defining standards to ensure that food is stored, thawed, cooked, staged, and served at safe temperatures. Make sure that every employee who comes into contact with food knows how to monitor temperature.

- ☑ Keep hot foods at ≥135˚F (57˚C)
- ☑ Keep cold foods at ≤41˚F (5˚C)
- ☑ Stir food regularly when hot-holding
- ☑ Use food thermometers to check temperatures
- ☑ Keep cooked food piping hot (more than 60˚C) prior to serving

DT160

DT170

DT154

DT133

FS711

FOOD PREPARATION

Food preparation and safety practices are key in preventing illnesses by maintaining hygiene, proper storage, and correct cooking temperatures.

- ☑ Avoid cross-contamination by sanitizing surfaces and utensils after each use
- ☑ Thaw frozen foods safely (in the refrigerator, under cold running water, or in the microwave)
- ☑ Bring foods like soups and stews to boiling to make sure they have reached 70˚C
- ☑ Cook food to the correct internal temperatures (use a thermometer)
  Poultry: 165˚F (74˚C)
  Ground Meats: 160˚F (71˚C)
  Beef, Pork, Fish: 145˚F (63˚C)
- ☑ Reheat cooked foods thoroughly

Be compliant with BIOS™ Professional

EMPLOYEE HYGIENE & FIRST AID

Always enforce personal hygiene practices among staff, including proper handwashing and illness policies.

☑ Wash hands with soap and warm water before handling food

☑ Wear clean clothing and hair restraints (hairnet, beard net)

☑ Use gloves and an apron when necessary and change them regularly

FA201   **LK022**   **FA103**   **FS700**
FAONT1PB   **04066**   **FS702**   **FS701**

FOOD HANDLING AND STORAGE

Nothing is more important to restaurant operations than proper food safety measures. Checklists related to cooking, handling, labeling, rotation, and storage will prevent cross-contamination and spoilage.

☑ Store perishable foods at proper temperatures (Refrigerator: ≤40°F/4°C, Freezer: ≤0°F/-18°C)

☑ Label and date all stored food

☑ Avoid cross contamination by keeping raw meat separate from ready-to-eat foods

☑ Store food at least 6" off the floor

☑ Check expiration dates regularly

DT162   **DT150**   **PS199**   **DT166**   **107SC**

SANITATION PRACTICES

Surfaces, equipment, and utensils must be regularly cleaned and sanitized to maintain a hygienic environment.

☑ Wash dishes, utensils, and cooking equipment with hot, soapy water

☑ Sanitize work surfaces and cutting boards regularly

☑ Keep kitchen floors clean and free from spills

☑ Dispose of garbage properly and keep trash bins covered

☑ Protect kitchen areas and food from insects, pests and other animals

Testo 104-IR Multipurpose IR & Folding Penetration Thermometer
0560.1040

- Infrared measuring instrument with laser measurement spot marking and hinged penetration probe for more precise measuring

IR Measuring Range: -22°F to 482°F / -30°C to 250°C
Penetration Measuring Range: -58°F to 482°F / -50°C to 250°C

H IPX7 2

Testo 104 Waterproof Folding Thermometer
0563.0104

- Backlit display
- Auto-Hold and Min/Max storage
- Identification labels for work areas or users

Measuring Range: -58°F to 482°F / -50°C to 250°C

H IPX7 2

Testo 103 Folding Thermometer
0560.0103

- Compact design
- HACCP Compliant

Measuring Range: -22°F to 428°F/ -30°C to 135°C

H 1x LR44 IP55 2

Testo 106 Core Temperature Thermometer
0563.1063

- Dishwasher safe
- Audible, Optical Alarm
- Auto-Hold

Measuring Range: -58°F to 527°F / -50°C to 275°C

H IPX7 2

Testo 270 Cooking Oil Tester
0563.2752

- Easily, quickly and reliably determines the cooking oil's temperature and quality
- Measures total polar materials in oil to ensure consistency in fried food products
- Intuitive alarm with highly visual, colour-coded backlit display makes it easy to evaluate the quality of the cooking oil: green means good; orange is borderline and red indicates an oil change is required
- Reference Oil Sold Separately **0554.2650**

Measuring Range: 0.0% to 40.0%
Temperature Range: 104°F to 392°F/ 40°C to 200°C

H NSF. IP65 2x AAA 1

Reference Oil
0554.2650

testo Smart App.

Innovation for maximum efficiency and reliability

With the free testo Smart App at the heart of the new testo Food BT line, you have all of the important measurement parameters relating to the safety of your food, fully under control and available at a glance.

- Accurate, Reliable, Simple & Intuitive
- Fast recording, as well as error-free and seamless documentation, of all measurement results
- Easy and accessible storage of measured values, and reporting with precise traceability

GET IT ON Google Play   Download on the App Store

Bluetooth 104-IR Infrared with Probe
0560.1045.61

- A measuring instrument for determining surface and core temperature with intuitive operation including seamless documentation via the testo Smart App
- Measurements possible with or without app. The app measurement program supports you with the measurement, especially of (critical) control points (CP/CCP)
- Error-free documentation via the testo Smart App
- IR Measuring Range: -22°F to 482 °F / -30°C to 250°C
- Penetration Measuring Range: -58°F to 482 °F / -50°C to 250°C
- Waterproof, protection class IP67
- HACCP-compliant

H ◯ IP67

Bluetooth Oil Tester
0563.2770.01

- Intuitive display illumination indicator function based on the traffic light principle
- Seamless app integration for error-free and digital documentation
- Simple cleaning under running water in accordance with protection class IP65
- HACCP and NSF-certified for maximum food safety
- Measures oil quality and temperature
- Comes with steel carrying case
- Temperature Range: 40°C to 200°C / 104°F to 392°F

H (NSF)

Bluetooth 110 Food Thermometer
0563.0111.01

- Simple, fast and particularly precise temperature measurement including seamless documentation via the testo Smart App
- Universal measurements with and without app as well as own measurement program for (critical) control point (CP/CCP) checks
- Versatility: Suitable temperature probes for all applications
- Temperature Measuring Range: -200 to +800 °C/-328 to 1472°F
- Probe Temperature Measuring Range: -50 to +150 °C / -58 to 302°F

Mini Data Logger Kit
0572.0561

- Provides reliable and economical temperature monitoring of products in storage and transport
- Cradle included
- Simple, large, easy to read display
- Logs up to 16,000 readings
- Includes wall bracket

Penetration Measuring Range: -22°F to 158°F / -30°C to 70°C

Includes:
- USB interface for data transfer
- Free software download for easy data analysis

H IP65 1x CR2032 2

Mini Data Logger
(without cradle) -
0572.1560

Testo Saveris 2 – Set For Temperature Monitoring in Refrigerators
400572.2032

- Automatic temperature monitoring in refrigerators: reliable and convenient
- Clever alarm system: warning by e-mail or SMS for critical temperature values
- Access to measuring value documentation possible at any time
- Internet-enabled smartphones, tablets or PC's
- 10,000 readings of memory

Measuring Range: -58°F to 302°F / -50°C to 150°C

IP65 4x AA

Also available with 2 probes and 2 buffer bottles.
Model: 0572.2103

Testo 206-pH1 Instrument Kit
0563.2061

• Ideal for measuring liquids
• Maintenance-free gel electrolyte
• Robust, waterproof and dishwasher-safe protective case (TopSafe, protection class IP68)
Measuring Range: 32°F to 140°F; 0 to 14 pH

Testo 206-pH2 Instrument Kit
0563.2062

• Ideal for measuring liquids
• Maintenance-free gel electrolyte
• Robust, waterproof and dishwasher-safe protective case (TopSafe, protection class IP68)
Measuring Range: 32°F to 140°F; 0 to 14 pH

One-hand pH/temperature measuring instrument for connecting external probes
0563.2063

• Automatic final value recognition
• Robust and waterproof thanks to TopSafe (IP68)
• Automatic temperature evaluation (if probe with temperature sensor is connected)
• One-hand pH/°C measuring instrument with BNC interface
Measuring Range: 32°F to 176°F

Testo 205 One hand pH/temperature measuring instrument
0563.2051

• Ideal for measuring the pH value and temperature in semi-solid media, e.g. in meat
• Combined pH measuring tip with temperature probe – can be changed by the user
• Maintenance-free pH measurement thanks to gel electrolyte with automatic final value recognition
• Two-line, illuminated display: pH value and temperature at a glance

Testo Starter Set pH/temperature measuring instrument for semi solid media
0563.2052

• Ideal for measuring the pH value and temperature in semi-solid media, e.g. in meat
• The combined penetration tip with temperature probe enables automatic temperature compensation
• Maintenance-free pH measurement thanks to gel electrolyte
• Advantage of the set: essential accessories are always to hand (e.g. calibration dosing bottles)
• One-hand pH/°F meter with penetration probe, storage cap, gel and cal. bottles 250 ml pH 4+7, belt/wall holder and aluminum case
Measuring Range: 32°F to 140°F

Thermor Ltd. has roots in industrial and consumer instruments, dating back to 1934. In recent decades, Thermor Ltd. has concentrated on temperature measurement in the food service industry.

Our food service team are experts in food safety; sanitation; time and temperature applications. All the products we manufacture are done so to the highest standards, ensuring durability and accuracy.

Thermor's BIOS Professional™ line of products have been NSF certified (National Sanitation Foundation). This certification evaluates professional food service equipment to ensure they are safe and hygienic for professional kitchen use.

If at any time, you are not completely satisfied with the performance of your BIOS product, please call 1-800-387-8520 to speak to a Customer Service Representative who will provide you with a suitable solution. If it is determined that the problem cannot be resolved a Returned Goods Authorization Number will be provided.

Upon receiving the product, if it is discovered to be defective within the warranty period, it will either be repaired or replaced to the customer's full satisfaction. Further details regarding next steps will be provided by a Customer Service Representative.

If the product being returned has surpassed the warranty period specified on either the packaging of the product or the instruction guide, Customer Service will do their best to find an alternative solution for you. Product return address:

Thermor Ltd.
