BIOS living

BATH AND SHOWER BENCH ARMREST 95001

Designed exclusively for BIOS Living Benches
59001/59002

Thank you for purchasing the BIOS Living Armrest.
This product has been ergonomically designed to be a comfortable and stable armrest to assist with balance when rising or lowering onto your bath/shower bench.

Follow these simple steps to securely attach your handle to your BIOS Living bath or shower seat.

1. Remove contents from the box.
   You will notice the Armrest and Base are angled.
   There is a thick side 2 cm and a narrow side 1 cm.

2. Insert the Armrest with the thick side facing the inside of your bath seat. This will align with the curve on your bath seat.

3. Position the base onto the underside of the bath/shower seat, with the thick side facing the inside of the seat.

4. Holding the base in place, insert the first screw and tighten until it holds then insert the second screw. Tighten both screws until fully secured.

CAUTION

This handle is meant for leverage and assistance not for full weight bearing.
DO NOT put your full weight on the ARMREST when rising or lowering as your bath seat may become unsteady and could tip.

1 YEAR WARRANTY

The Bench Armrest has a limited 1 year warranty to be free of manufacturing defects in materials and workmanship under normal applications, for the original owner. If this product becomes inoperable due to defect, return the product with all components and proof of purchase to the address listed below. This warranty does not cover any shipping/transport costs. This warranty does not apply to normal wear and tear or if the product is subject to misuse, neglect, rough handling or damage.
